

Invitation to a webinar - Oral Care in the Cancer Setting

Wednesday 12th June 2019, 7pm to 8pm

Colgate® is delighted to be working together with the UK Oral Management in Cancer Care Group (UKOMiC) to deliver this webinar.

The webinar will focus on the importance of maintaining good oral health for patients undergoing cancer treatment.

This session is intended for dental and healthcare professionals who manage and treat patients with cancer

Opportunities and Challenges in Oral Care:

Dr Barry Quinn, UKOMiC Chair, Director of Nursing for Cancer & Palliative Care / Senior Lecturer, Barts Health NHS Trust, London

Dr Quinn is the Chair of both UKOMiC and the European Oral Care in Cancer Group, in the field of oncology and haematology with a particular interest in addressing oral complications arising from malignant disease and treatment. He has published numerous articles on a range of cancer issues including leadership, oral care, pain management, sexuality, person centred care and advanced disease.

Changing to Targeted Therapies and Immunotherapy:

Dr Charles Kelly, Clinical Oncologist, Northern Centre Cancer Care, Newcastle
Dr Kelly has been a Consultant Clinical Oncologist at the Northern Centre Cancer Care in Newcastle for the past 25 years. Dr Kelly's main clinical interests are head neck cancer, thyroid cancer, skin cancer and melanoma and geriatric oncology. He is working with UKOMiC to improve prospective research into mucositis and its secondary problems.

Mouth Care for Patients Living with Cancer:

Mrs Joss Harding, Dental Hygienist, Confident Dental and Implant Clinic, Stroud, Gloucester

Joss Harding is a dental hygienist who has been working in dentistry for 31 years and has a passion for helping cancer patients' mouths. In 2018 Joss won The Probe national award Dental Hygienist of the Year and has recently been invited to be a Clinical Ambassador for the Mouth Cancer Foundation and Team Member of UKOMiC.

Register [here](#) to book your place for this complimentary session being held ahead of the start of the 2019 UK Oncology Forum
