

# Managing Oral Complications in the Cancer & Palliative Care Setting

**Monday 11th March 2013**

**Education Centre, The Christie, Manchester, M20 4BX**

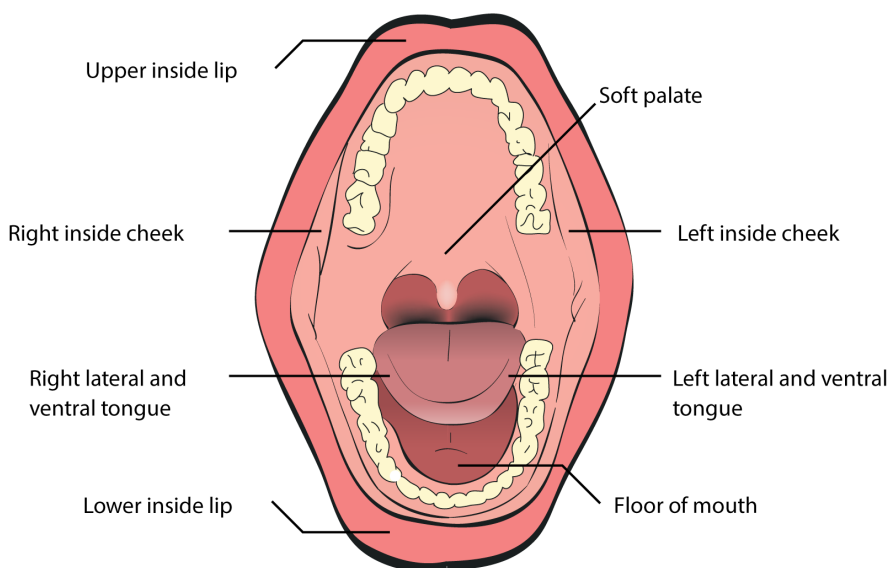

*Interactive study day with a chance to discuss care of the mouth, learn about assessment, and look at treatment and prevention of oral complications in smaller 'workshop' groups*

## Learning Outcomes:

This study day is devoted to looking at the prevention and treatment of oral complications that are secondary to cancer.

After attending this event, delegates will have an increased awareness of oral anatomy and pathophysiology, how to assess and care for the mouth and methods used to prevent and treat oral mucositis

### Oral Sites to be Evaluated

## Topics to be covered:

- Oral mucositis anatomy & pathophysiology
- Oral care in the palliative setting
- Introduction to the UKOMiC group and guidance
- Patient experience
- Nutrition
- Assessment & care workshop
- Prevention & treatment workshop

**Suitable For:** This study day is aimed at any healthcare professionals involved in the care of the cancer patient or within the palliative care setting

**Study Day Fee:** £50 **Early Birds:** £30 (if booked before 11 Feb 2013)
